Subject: RE: endorsement

We recently had a pressing need for a high-performing accounting professional, to help fill the void left by a departing SVP. GFO Consulting provided us with a terrific candidate, who hit the ground running and fit into our department and culture right away. Her contributions have been tremendous: we've strengthened our foundation of fundamentals, and are now able to devote more time to higher level financial analysis and special projects. We were very pleased when she accepted a full time position, and since then she has continued her excellent performance. GFO's client service during the process was excellent, and they have done a great job of staying in touch after the fact. Thank you, GFO, for placing a top-quality professional with us – and making The Franklin Institute a better place!
